

Highlights of 22/23 for the Research Development Team

The last 12 months we improved researcher engagement and increased the number of external funding applications

600%

IMPROVEMENT IN INNOVATE UK GRANT AWARD SUCCESSES

We dramatically increased the number of awards that support the translation of research with industry & deliver impact

PARTNERSHIPS

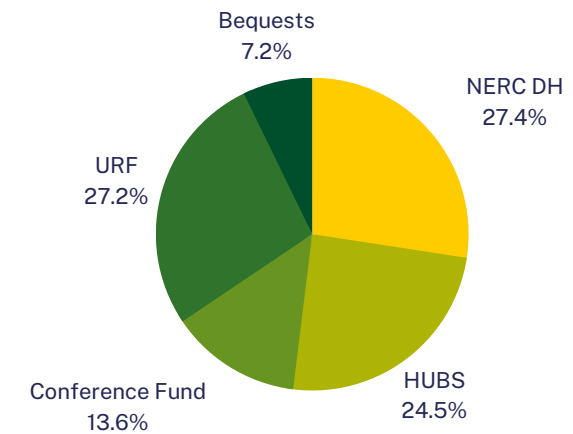

Due Diligence assessments completed on 15 collaborators for AHRC Network Plus Award

ETHICS MANAGEMENT

We achieved a...

- 50% increase in UG and PG student assessments
- 44% increase in PG Research assessments
- 64% increase in staff assessments

MANAGING INCENTIVES TO RESEARCHERS

- We streamlined the application and awarding of funds to support & incentivise researchers in cross-disciplinary research, knowledge exchange and creating partnerships: awarding over £367,410

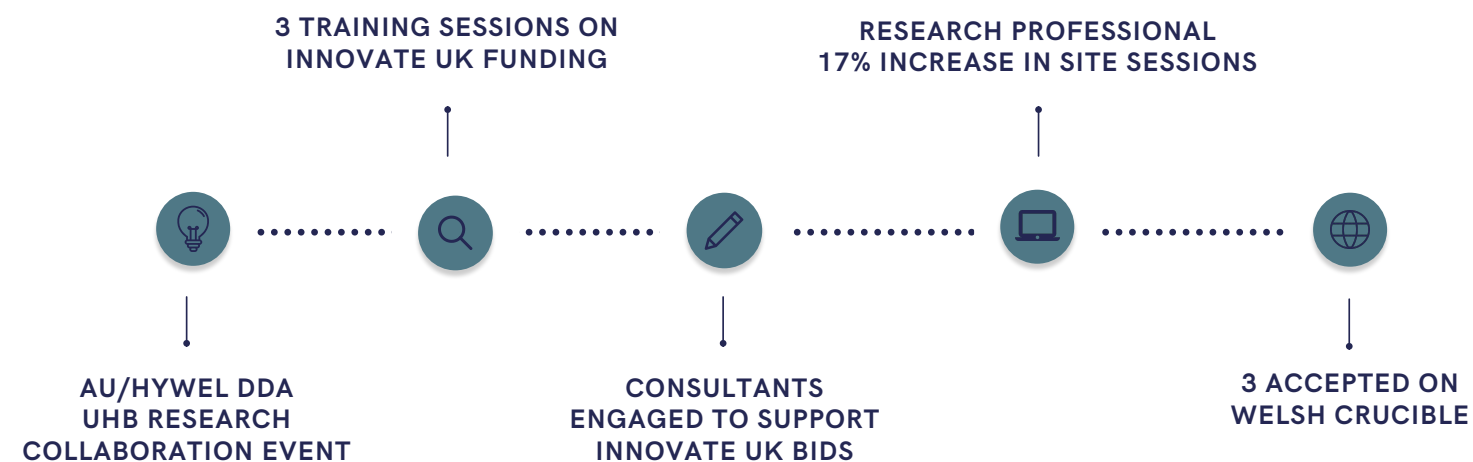

DIGITAL SUPPORT

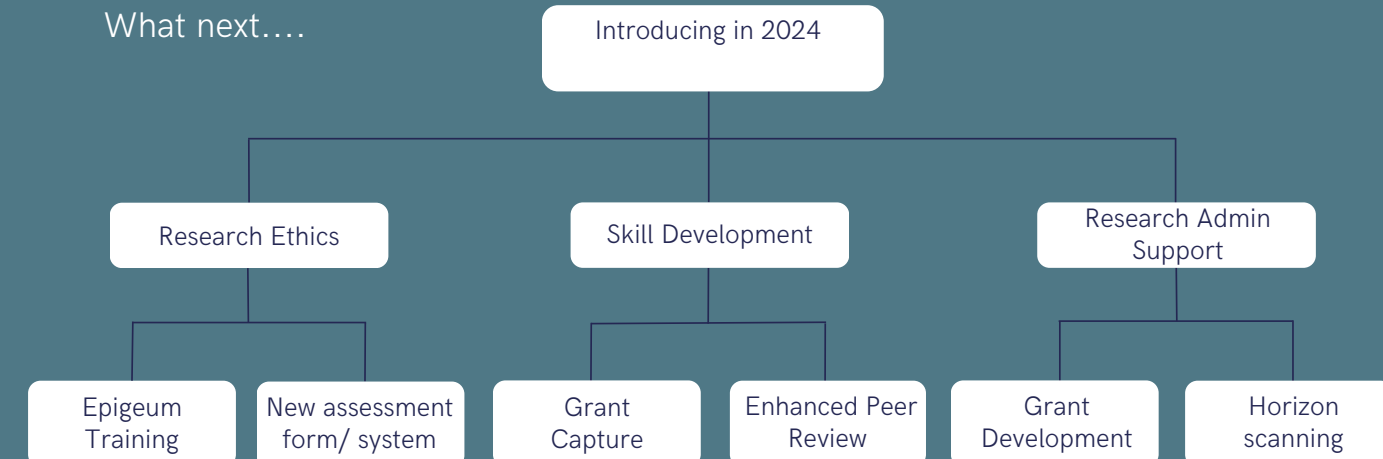

We introduced fingerprinting for our funding support tool - *Research Professional* - enabling researchers to receive automated tailored funding opportunities to suit their discipline and career stage

TRAINING

We focused on improving Grant capture skills, reversing the decline in Innovate UK funding, as well as improving ethics compliance, collaboration avenues and leadership.

What next....

Digital transformation of the Grant applications and Ethics process will streamline and speed up our activity and increase our opportunities for external research funding.
